## ...In a Class by Itself

First Class Pizza has been making great pizza in Orange County since 1978.

Our philosophy is simple: Use only the finest quality ingredients to craft the best pizza possible.

First Class Pizza starts with dough made fresh daily. Our sauce is mixed with a special blend of eight herbs and spices.

We top our pizza with 100% mozzarella cheese, our vegetables are the finest quality available, and all meats are "butcher cut" lean to our strict specifications.

First Class Pizza does not count or weight toppings. We just cover our pizzas completely. That's the way you would do it, so that is the way we do it.

Simply put, you will not find a better pizza. So please, enjoy the best pizza Orange County has to offer.
